SCHOOL CHILDREN TO VISIT BIG EXPO

MAY 14 WILL BE A GREAT DAY
FOR THE CHILDREN AND
THEIR TEACHERS.

Will Be Guests of the Exposition
Commissioner and Supervisors in
a Grand Free Excursion.

On May 14th, about 4200 boys
and girls from the grammar and
high schools of the county will vis-
it the Exposition, accompanied by
teachers and parents. The people
from Menlo Park, Redwood, Bel-
mont and South City will go by
special Southern Pacific train, and
those from San Mateo, Burlingame,
Millbrae, Loma Park, San Bruno,
Colma, and Daly City, about 2500,
will go by special electric cars.
The people from the coast side will
go on a special train, leaving Tu-
nitas Glen about 7:15; and those
from Pescadero will have to leave
home about 6 o'clock in order to
catch the train.

At Third and Townsend streets,
cars will meet the teachers, par-
ents and children who come by
special Southern Pacific train,
and take them to the Fair grounds.
Those who go from San Mateo and
north of that place, will be taken
direct to the Fair grounds without
transferring. The children, teach-
ers, and parents from the coast side
will go by way of Ocean Shore line
and take cars at Twenty-fourth
street, which will take them di-
rect to the Fair grounds without
further transfer. It has been ar-
ranged to have all of the school
children arrive at the grounds at
the same time, 10 o'clock, and they
will be met there by the President
of the Exposition, C. C. Moore.
Then all will march in a procession
to the California building, where
they will receive an official wel-
come, the program taking about 15
or 20 minutes. The schools will
then separate, and go to the dif-
ferent places of interest provided
for them, under the direction of
teachers or guide, until 12 o'clock
when it is hoped that a one-half
hour of music will be arranged for
them in Festival hall.

All children, parents, teachers
and helpers will be required to take
their lunch with them. The af-
ternoon will be devoted to sight-see-
ing in the different palaces and at
4:30, the children from the coast
side will leave for the Ocean Shore
Railroad at Eleventh and Mission
streets. The pupils who come by
special Southern Pacific train will
leave the grounds at 5 o'clock so
that they can be at the depot
about 5:50, when their train will
leave to bring them home. The
children who come by special elec-
tric cars will leave the Fair
grounds at 5:20 so that they may
be home by 7 o'clock.

The Supervisors and Exposition
commission will pay the expenses
of the public school children
both going to and returning from
San Francisco and the admission
into the Fair grounds. But teach-
ers, parents and helpers will be
required to pay their own transpor-
tation and the admission into the
grounds, the latter being but five
cents. The Southern Pacific rate
from Redwood City for a round
trip ticket will be 40 cents for
those under 12 years, and 80 cents
for those over 12 years of age.

CARRINGTON'S OPERETTAS

BRING FAME TO REDWOOD

Otis M. Carrington's operettas,
"Windmills of Holland" and "Pol-
ished Pebbles," are bringing fame
to their author and to Redwood
City. Already "Windmills of Hol-
land" has been produced in twenty-
nine states and three hundred
performances have been given. "Pol-
ished Pebbles" has been produced
in sixteen states, with sixty per-
formances given. "Windmills of Hol-
land" was recently put on in Aus-
tralia.

In this vicinity "Polished Peb-
bles" is to be produced in the
near future at Santa Clara and
San Bruno, and "Windmills of Hol-
land," at Colma and Palo Alto.

Clean-up Days Next Week.

April 23, 24 and 26 are the three
days set aside by the town trustees
as public clean-up days for Red-
wood City. Trustee George Deleau
will have charge of the campaign
and it is designed to follow out the
same plans which were so success-
ful last year. The citizens will be
asked to gather up all the old tin
cans and rubbish of every de-
scription from their back yards,
vacant lots and other places, and
pile the accumulation on the street
in front of their homes, where it
will be gathered up in wagons sup-
plied by the town.

"Beefsteak Bill" in Jail.

William R. Markt of Visitation,
better known as "Beefsteak Bill,"
was arrested Tuesday on a bench
warrant issued by Superior Judge
George H. Buck. Markt, who had
been convicted on a charge in
Justice of the Peace Lamb's court
in Burlingame, had appealed the
case to the Superior Court, but
Judge Buck sustained the decision
of the lower court and ordered the
prisoner to appear before Justice
Lamb for sentence. This Markt
failed to do and the bench warrant
for his arrest followed.

PROGRAM IS NOW COMPLETE

FOR BIG FLORAL FESTIVAL.

Redwood City will prove itself a
royal host on May 8th, the date
of the big floral festival. There
will be hundreds of visitors in
town on that day and they are to
be entertained with every kind of
amusement. There will be some-
thing doing every minute as the
several committees have overlooked
nothing in arranging the program
of events for the day to entertain
the people.

Dr. Geo. B. Yount, who has
charge of the automobile end of the
parade, reports that practically ev-
ery machine in town besides a
large number from outside places,
will be in line; and John Layng
assures the committee that a large
number of horseback riders will
participate in the parade. Practi-
cally all of the different fraternal
and social organizations have
decided to take part in the day's
festivities.

An added feature of the attrac-
tions at the ball park where the
festival is to be held, will be a
fancy military drill by the fam-
ous Nationals of San Francisco, who
have accepted an invitation to come
down and join in the fun of the
day.

GOVERNOR DESIGNATES

SUNDAY AS THANKS DAY.

Governor Johnson has designated
next Sunday, April 18th, the ninth
anniversary of the San Francisco
disaster, as a day for special serv-
ices throughout the State.

The following is the Governor's
proclamation:

"In compliance with numerous re-
quests of the leaders in religious
and educational work, and from
many other citizens of the State, I
hereby designate Sunday, April 18,
1915, the ninth anniversary of San
Francisco's destruction by the ele-
ments, as a day for thanksgiving
services, in which a grateful people
may give a renewed expression of
the faith that triumphs over sweep-
ing disaster. The occasion pre-
sents the example of the accom-
plishment of indomitable persev-
erance and courage of a great
people, and affords striking con-
trast between achievements of peace
and the consequence of war. All
San Franciscans, indeed every citi-
zen of California, may proudly and
gratefully observe the day."

Praternal Aid Card Party

The Fraternal Aid card party
Tuesday night was a decided suc-
cess. There were twenty-five ta-
bles at which whist was played.
Mrs. Minnie Gilbert won the lady's
first prize, Mrs. James Coleman,
the second and Miss Sallie Nelson
received the consolation prize.
Emil Medefind won the first gen-
tleman's prize, Axel Peterson the sec-
ond and Dr. Dykes received the
consolation prize. Refresh-
ments were served after the game,
and dancing was enjoyed until mid-
night. Mrs. Coleman and Mrs. Sah-
lberg won the door prizes.

Horse Commits Suicide.

J. F. Archibald, the moving con-
tractor on Arguello street, lost a
very valuable horse in a peculiar
manner last Sunday. The animal
would never stand being tied and it
was always turned into its stall at
night loose. One of the Archibald
boys endeavored to introduce the
horse to a rope Sunday afternoon
and staked it out on the commons
to graze. The animal refused to
accept the new situation; this was
an insult to its dignity, so it pulled
and twisted on the rope until it
finally choked itself to death.

Reckless Driver Hits Auto.

A big touring car ran into one
of William Lipp's ice delivery
trucks yesterday morning, while
the latter was standing on the
side of the county road near the
Catholic church, and the driver,
without waiting to ascertain the
damage done, sped on his way.

Stanley Doyle was down from
San Francisco Sunday visiting his
mother on Stambaugh street.

MOTORISTS INJURE TWO YOUNG BOYS

LOREN BAER SUFFERS COM-
POUND FRACTURE OF LEG
AND BROKEN COLLARBONE.

His Companion Struck By One of
the Riders of the Machine is
Painfully Bruised.

A distressing motorcycle accident
occurred Tuesday evening on the
Middlefield road, in which Loren
Baer, the eleven-year-old son of R.
Baer of 1000 Stambaugh street, was
severely injured, and Lester Schot-
tler, the ten-year-old son of F. H.
Schottler of 1008 Phelps street,
was painfully bruised and shaken
up.

The accident happened near the
works of the California Magnesia
Company in the southern end of
town. The two boys were walking
along the road, arm in arm, on
their way home. A terrific north
wind was blowing at the time,
which prevented the lads from hear-
ing a motorcycle tandem coming up
from behind.

The motorcycle was being driv-
en by Harry Jordan, an employee
of the Frank Tanning Company.
On the rear seat was Walton Ma-
loney, son of T. P. Maloney.

According to the story of the rid-
ers, they were going along at about
eighteen miles an hour. Jordan
saw the two lads in the middle of
the road and blew his whistle to
warn them of his coming, and
supposed they would step out of the
way. Neither of the boys heard
the machine until it was almost
upon them and then they attempt-
ed to get out of the way by sep-
arating and jumping to either side
of the road. Almost simultane-
ously, Jordan, seeing that he was
about to hit the boys, applied his
break and shot his machine to the
right of the road. The heavy ma-
chine struck the Baer boy square-
ly. Young Maloney was hurled over
the front of the tandem and
landed with great force on top of
the Schottler lad.

The boys, Baer and Schottler,
were picked up in an unconscious
condition and taken to their homes
in a passing vehicle. Drs. Dykes,
Chapin and Moulds were called to
attend them.

It was found that young Baer
was suffering from a compound
fracture of the left leg, a broken
collar bone and other minor in-
juries. Despite his serious con-
dition, the doctors give hopes of
his recovery. The Schottler boy es-
caped more fortunately, his injuries
being bruises in different parts of
the body. Neither Maloney nor
Jordan was hurt.

sition against the movement to di-
vide California into two divisions.

An extensive program has been
arranged for the entertainment of
the visiting delegates, included in
which will be a sight-seeing trip
down the peninsula on Friday, tak-
ing in the picturesque Crystal
Springs drive. The natives will
return to San Francisco by way of
Redwood City, San Mateo and Bur-
lingame.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

PREPARE FOR FUTURE NEEDS.

Redwood City is a growing community. So far, however, property is relatively cheap. While it is so the people should look into the future a few years and take cognizance of coming needs. Right now our community should bond itself and purchase a large tract of land which can be used for municipal recreational purposes. The older boys will always want a baseball grounds and the younger boys and girls will be crowded off of the streets by the ever increasing horde of automobilists. They will want a place to play and they have a right to the place. We don't want a park for them, but we believe that they should have a good big area over which they can run and shout and develop their bodies and muscles.

Further than this, we believe that now is the time to provide for the future expansion of our school system. Three or four years, at the most, will see our public school crowded beyond its capacity and now is the time to secure good sites in Redwood Highlands or Wellesley Park and also out beyond the Five Points where primary schools can be erected later. Now is the time to buy, because prices are right.

"Young Bachelors' Ball."

The Young Bachelors are to give an all night Grand Ball Saturday, May 15, 1915, in the Foresters Hall. This announcement has been received with much joy by all dancers, who know of the proper conduct of the Young Bachelors' ball affairs.

The Club was the originator of the Prize Waltz Contest in Redwood City, it having been the first to hold such a contest, about a year ago when many of the aspirants in the contest were visitors from Palo Alto, Mayfield, Menlo Park, San Mateo and South San Francisco.

The Young Bachelors are young, as the name implies, and will always remain thus, but whether they will always remain bachelors, is, of course a matter to be reckoned with. Therefore it would be well to take advantage of the present conditions and attend their Grand Ball. That fellow with the bow and arrow may so thin out the ranks of singles, that there would be no more Young Bachelors. "You never can tell." More particulars will follow as things progress. No-No. We are now referring to the Big Dance.

Articles of Incorporation Filed.

The Emanuele Daneri Company filed articles of incorporation in the county clerk's office yesterday. The concern incorporated with a capital stock of \$10,000 divided into 100 shares at a par value of \$100 each. The purpose of the incorporation is to engage in buying and selling real estate, etc., and the principal place of business is at Halfmoon Bay. The actual amount of stock subscribed is \$900 by the following stockholders who have subscribed one share each: Emanuele Daneri, Maria Daneri, Eugene Daneri, Henry Daneri, Geo. Daneri, Silva Daneri, Lizzie Soracco, Minnie Gotschalk and Emanuele Daneri. All of the stockholders reside at Halfmoon Bay with the exception of Lizzie Soracco, who lives in San Francisco, Emilio Daneri, who resides at South San Francisco and Minnie Gotschalk who lives at Courtland.

Humphrey Damage Case Nonsuited.

The defendant in the case of Grace Humphrey against W. H. Hanson was granted a non-suit by Judge Buck in the Superior Court yesterday afternoon. The suit was instituted some months ago by Mrs. Humphrey against Hanson to recover damages in the sum of \$450 for a breach of contract. On October 8, 1913, plaintiff gave an option for the purchase of a certain leasehold to property in the circle at Palo Alto belonging to Lee T. Ross. The defendant agreed to pay \$1500 for the leasehold but some time later failed to keep the agreement. Plaintiff claimed to be damaged in the sum of \$450 for defendant's failure to adhere to his contract.

SUIT TRANSFERRED

FROM SAN FRANCISCO
The suit of S. H. Cowell, Isabella M. Cowell and Helen E. Cowell against G. Patroni for \$915, alleged to be due the plaintiffs for back rent on the Patroni House at Princeton, north of Halfmoon Bay, has been transferred from the Superior Court of San Francisco to Redwood City for trial. The suit was originally filed in San Francisco by Attorneys Hatch & Hatch.

Valuable Dog Killed.

Duncan Fitzgerald was obliged to kill a valuable puppy belonging to him this week because the animal became rabid. After its death it was found that the dog had been poisoned, probably by something it had picked up, and this caused its distemper.

Considerable interest is being manifested in the bicycle races that Al Midgley is conducting every Sunday. The race last Sunday was from Midgley's shop to the Middlefield road and then up to the Union Oil Company's tank and back to the shop, a total distance of five miles. Lionel Nunn won first prize, Frank Brady second and Elmer Harrow, third.

MISS HOWARD IS NOT INCOMPETENT

Court Frowns on Sordid Attempt to Smirch Woman's Name.

The incompetency proceedings brought against Miss Frances Howard, a society girl of Hillsborough by her mother, Mrs. Annie D. Howard of Boston, came to a dramatic close late Wednesday afternoon. During the morning session of the court many witnesses from San Mateo were heard on behalf of Miss Howard. They were business men with whom Miss Howard did her trading, and they always found her rational, and thoroughly competent to attend to her own affairs. During the morning it was whispered that Samuel Knight, attorney for Mrs. Howard, would offer some very sensational testimony of a suspicious nature in his rebuttal, so that in the afternoon the courtroom was well crowded and all were on the qui vive for the spicy evidence. At two o'clock, when Miss Howard had completed her case, Attorney Samuel Knight arose, and dramatically pointed to Mrs. Jones, a nurse for some time in the employ of Miss Howard, and called her to the stand. He motioned to the other attorneys and walked to the witness stand, and was about to produce the testimony for sensational testimony, when he was halted by Judge Buck, who stated that he was aware of the character of the testimony about to be presented, and would not permit it in evidence. The court then for the first time during the trial of several weeks indicated what his decision would be. He said that there was no evidence produced to show that Miss Howard was incompetent, and unable to take care of her affairs. In fact he complimented her for her prudence in managing her property and looking out for her affairs. The court emphatically declared that the testimony about to be presented would not possibly change his opinion, and therefore would not permit it to be introduced. Mr. Knight eloquently appealed to the court to have it introduced and combated the Judge's argument in favor of Miss Howard. The attorney made a strong appeal, but it was of no avail, for the court had made up its mind, and Mrs. Howard lost her case.

Every woman in California will commend Judge Buck's course in not allowing this vicious testimony which was intended to show depravity on the part of Miss Howard, in striking it out the court has shown an excellent example to other judges in preserving the purity of womanhood and maintaining the high standard of the fair sex. It has been said that the love of money is the root of all evil. How is this case to be construed? Here is an aged mother bringing a suit to declare her daughter incompetent, in order to secure the guardianship of herself and vast estate. This mother would permit her daughter to submit to this humiliating evidence in order to gain her sordid ends. Would she blacken her character and hold her up to the world as a depraved creature for no other purpose than to secure her estate? Draw your own conclusion.

GREAT ACTIVITY IN HOME BUILDING

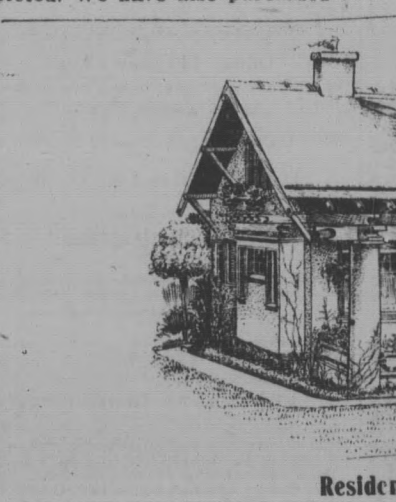

Many Substantial Residences Now Under Construction in Redwood Highlands

So successful have been the efforts of the George H. Irving Company in developing the Redwood Highlands property that the firm has decided to do its own building and in carrying out this plan, H. C. Lewis, who has built hundreds of homes in the bay district, has been placed in charge of the work. This announcement, which was made by Mr. Irving yesterday, is of great moment to the people of this vicinity, for it means that Redwood City mechanics will take the place of the men engaged during the recent building operations. Redwood City material dealers will furnish the supplies and that all work that can be done by local people will be given to them to do, even in the face of any slight advantage claimed by outside builders.

Within the last sixty days twenty homes have been sold by the Irving Company, and before a month goes by they will be occupied, all of the buyers having declared their intention of moving to Redwood as soon as possible. Mr. Irving himself, is to become a resident of the Highlands, having so arranged his affairs that it will be no longer necessary to give his entire time to his San Francisco office. He is building a handsome home for himself on King street and expects to move in about the first of the month.

Discussing the unprecedented development of the Highlands yesterday Mr. Irving said:

"Before the end of the year arrives, the Irving company will have built 100 new homes in the Highlands, and I feel safe in predicting that every one of them will be sold as soon as each is completed. We have also purchased 300

Residence of Geo. H. Irving in Redwood Highlands.

acres in the foothills and to meet the demand for country homes, will begin the erection of a number of handsome homes, our plans calling for villa sites of 5, 10 and 15 acres. Under our plan of establishing a building department, Redwood City will be a great gain by our building operations, not to speak of the benefits coming by reason of the new families we shall bring in. Ten new homes are to be started immediately in the Highlands, the demand for homes in the choice oak-covered tract west of the highway proving so great that we can only meet it by building by the wholesale. Just as soon as these ten are sold we will lay the foundations for ten more. Redwood City is surely coming into its own and I am not a bit brash in declaring that there is no place in the San Francisco bay district that has a brighter future than San Mateo county's country seat."

Mr. Irving further announces that because of the rapid growth of the Highlands it would be necessary to take up at once the task of paving and grading the remainder of the Highlands' streets, work which will give employment to a large number of men, and add materially to the prosperity of the community.

Mr. Irving, with other realty operators handling peninsula realty, is of the opinion that the entire peninsula country is to witness a remarkable era of development. "The peninsula country is in the air," he said, "and there is a decided trend towards San Mateo county. We attribute much of this to the publicity work done by the Peninsula Industrial Commission, which is managed by E. T. McGettigan, a resident of Redwood City. We have supplemented his work by an extensive advertising and circularizing campaign, with results that have exceeded our most sanguine hopes. Redwood City has always had a wonderful climate, the most beautiful homesites. The fact is now being appreciated. Organized publicity has done the work, and we propose to keep it up until every acre down the peninsula has a tenant."

A Progressive Section

We took a walk this week through Diggins Park, or Redwood Highlands if you please, and were surprised at the growth of that section of our city. New houses and homes have sprung up everywhere. It seems almost as though some fairy godmother had waved her wand and had at a word created a new town. The condition of the yards too, was a revelation as all the homes are well kept and beautiful, and the residents of the older sections must look well to their laurels or our city may all go west of the railroad.

SAN MATEO DAMAGE SUIT APPEALED TO HIGHER COURT

All the papers in the appeal case from the justice court of the Second township in the case of Arthur Hume and his wife against the Halsey Improvement Company, have been received at the county clerk's office. The suit was commenced in Judge McCormick's court some time ago. According to the complaint the improvement company failed to attach a light to a fence they had put across a street. It was constructed at San Mateo, and that the plaintiff, who was driving an automobile, ran into it. His wife was thrown out and severely bruised. Her clothing was destroyed and she was unable to attend to her household duties for several days. Plaintiffs ask damages in the sum of \$275 and the court gave judgment for \$275.00 and cost amounting to \$6, making a total of \$133.50. The defendant at once gave notice of appeal to the Superior Court. The accident occurred on September 7, 1913.

SOUTH SAN FRANCISCO TO HAVE DEEP WATER HARBOR.

From present indications the thriving municipality of South San Francisco is soon to experience a boom, the like of which has never been known in the state. The development of the water front facilities is going to do it. An expert engineer is at present at South San Francisco securing data and making plans to widen and dredge the canal that will extend to the town limits. An inland harbor will be constructed so that ships of large tonnage may come up to discharge their cargoes. The mammoth undertaking will be under the supervision of the South San Francisco Land and Improvement Company, J. W. Martin, manager. It is believed this work will begin in a very short time. The development of the water ways of South San Francisco means a great deal to that locality, for it will be the cause of encouragement to the manufac-

The case of Ellen J. Glynn against Charles Holy has been dismissed in the Superior Court. The notice of dismissal was filed in the county clerk's office yesterday.

New Actions in Superior Court.

Annie Silveria has commenced an action in the Superior Court against her husband, John M. Silveria, for an interlocutory decree of divorce on the grounds of extreme cruelty and failure to provide. The Silverias were married at Vallejo on March 28, 1914, and one year later they separated. There are no children as a result of the marriage. Mrs. Silveria in her complaint alleges that the defendant is a rancher at Pescadero, owns a farm at that place worth \$15,000, has about \$5000 in bank and has a promissory note, secured by a mortgage amounting to \$3000. She asks for maintenance and support in the sum of \$100 a month, counsel fees in the sum of \$300.

Adrean Hazel Thomas-Brown has brought an action in the Superior Court against Edgar E. Brown, asking for the annulment of their marriage which took place in San Francisco on January 24, 1915. Mrs. Brown alleges that her husband was of unsound mind before and at the time of the marriage. She discovered his mental condition on February 16, and at once separated from him. Mrs. Brown also states that Brown was an inmate of the Napa Insane Asylum from April 13, 1913 to the following November. When she married defendant she was not aware of these facts. Mrs. Brown was lead to believe that Brown had no relatives living when in fact he had a mother and several sisters residing at Alameda. She also makes the startling state-

ment in her complaint that Brown had a legal wife from whom he had never been divorced. All these facts were unknown to her at the time of her marriage to defendant and on these grounds she asks that the marriage be annulled.

Anna Cleary has brought an action for divorce in the Superior Court against her husband, Thomas M. Cleary, on statutory grounds. Joseph Botto of Belmont has brought an action for divorce in the Superior Court against his wife, Bertha Botto, on the grounds of extreme cruelty. J. J. Bullock is the attorney for the plaintiff.

The last will and testament of Manuel Martin, deceased, was filed for probate in the county clerk's office during the week by a daughter of the deceased. The estate consists of an acre and a half of land with improvements at Half-moon Bay. Jas. T. O'Keefe is the attorney for the petitioner.

Annie G. Wiegerson has applied in the Superior Court for letters of administration upon the estate of Mary E. Alt, who died in Stanislaus county on October 25, 1911. The estate consists of lot 10, block 2 of San Mateo and lot 6, block 19, Western Addition to the City of San Mateo. The property is valued at \$9750 and brings an annual rental of \$600. The only heirs at law is W. C. Alt of San Francisco. The petitioner is a sister-in-law of the deceased.

George F. Cavalli has applied in the Superior Court for letters testamentary upon the estate of Francesco Magnaghetli, who died in San Francisco on March 22, 1915. The estate consists of an undivided one-half interest in lots 5 and 6, block 15, and lot 35 block 20, San Bruno Park, with a house on the first mentioned lots valued at \$825, cash in San Francisco banks amounting to \$2000. The entire value of the estate does not exceed the sum of \$4000. The deceased left a will dated April 28, 1914. The petitioner is named as the sole legatee and devise in trust for the two sons of the deceased, whose residences or whereabouts are unknown. Should they not be found or its is ascertained that they are dead, the estate will then go to the brother and nephews of the deceased residing in Italy. The will was filed for probate in Superior Court of San Francisco March 22, but as deceased was a resident of San Mateo county at the time of death, Judge Corbett denied the petition for probate. Mary Emma McQueney has applied in the Superior Court for let-

ters of administration upon the estate of James J. McQueney, who died at Redwood City on February 8, 1915. The estate consists of lots 2 and 3, block "J," Redwood City and lots 40 and 41, block 59, Fairland, Sonoma county. The realty is valued at \$450, and the personal property is worth \$50. The entire value of the estate does not exceed the sum of \$500. The heirs at law are the petitioner, widow of the deceased and William R. and John M. Green is the attorney for petitioner.
